Dear Mudita ji,
Greetings.

I commenced the GD proceedings, this morning at 10:15 am, by first briefing the entire batch, about the "mechanics of GDs", for around 45 minutes.

Thereafter, I did a total of 10 GDs, from 11am till 6:30 pm.

Details of conduct are as under:

- * GD 1 - (7 students).
- * GDs 2, 3 & 4 - (9 students each).
- * GD 5 - (10 students).
- * GDs 6, 7, 8, 9 & 10 - (12 students each).

A total of 104 students were put through the process.

The performance ranged from, "Very Good" to "Fair"..A few students who could be termed as "Weak", were actually not "Weak" in that sense - they were only a little hesitant to "speak" - this however, did not, in any way, speak of their "acumen"...it was only a case of them "trying" to interject, but not being able to do so, 'assertively'....they were counselled & all assurances, they will show much improvement in the next GD they participate in.

I gave each participant a personal feedback, wherein I told them where exactly they "stood".

The "Weak" students were told the 'what's & hows' to go about the modalities & I am sanguine, that they will do a good job, when the time comes.

Overall, I was quite happy at the performance.

SIMC batch 2016-18, is good; has the potential to excel.

Thank you for all the assistance you provided, by way of transport & a good meal.

I'd also like to thank Niharika, Varun & Aarti for helping out in the organization of the "groups".

Look forward to greater interaction, Ma'am.

Regards.

Cheers.

Dear Sir,

Greetings from SIMC! I hope you are doing well, and that you had a great festive season!

Just to introduce myself, I am Mudita Mishra, Assistant Professor at SIMC and also the faculty-in-charge for 'Internship' related processes for the MBA (CM) programme. We have met a couple of times at SIMC!

Sir, I have a request to make of you. We are planning to conduct 'Mock Group Discussions' for our MBA students (senior batch) before they sit for similar processes during final placements from the next month.

We are planning to conduct this exercise either on the 9th or 10th of November. We seek your help in guiding our students as to how to participate in GDs, while conducting themselves suitably.

I shall discuss the details with you on phone once you express your consent; we'd be glad to have someone like you, with your experience and insights, guiding our students before they embark on their journey in the real world to secure great jobs.

Do let me know, Sir, in case you need any other information.

Have a great day ahead!

Thanks and warm regards,

Mudita Mishra

SYMBIOSIS INSTITUTE OF MEDIA AND COMMUNICATION (SIMC)

MENTORING REPORT – 2017-18

Mentoring is a significant activity in the institute. There is a structured mentorship programme at the institute where the faculty is allotted with the student mentor during the commencement of the course when the students join the institute. The mentorship programme at the institute aims to meet the allotted mentee regularly as far as possible, initiate discussion on personal and professional goal-setting, guidance in meeting those goals and career counseling. The mentoring activity at the institute happens in two ways –

Informal mentoring involves providing support and, in some instances, helping a student learn something new in a completely new environment. It also promotes students' sense of well-being by engaging with them through conversations and positive relationships. This mode of mentoring has a lasting positive impact on the student as the primary purpose of informal mentoring is to help the students settle down in the new environment.

Formal mentoring involves guiding the student through programs offered, understanding the courses, encouraging and helping them participate in competitions, motivating the students that will reduce student's engagement in risky behaviours such as poor attendance or drug use, and community concerns.

The institute emphasizes on counseling students for the selection of their specialization and guiding them in choosing their career and also training and refining their communication. The mentors guide the students in the selection of the right career paths. They also help in preparing the students for internships and placement interviews and provide needful guidance for the same. This helps the mentees making the right choice while selecting their career paths.

The overall progress of the mentees is mapped through a personality development plan through which the mentor chalks out the progress of the mentees. The experience, knowledge, and coaching rendered by the mentor significantly help in the career development of the mentee.

Personal Development Plan

Chalk out your effort to develop the following skills. The four skills given below are based on the four parameters namely, Knowledge (academic performance, practical application of the concept to projects, cells, etc), skills (oral and written communication skills), and attitude (dependability as punctuality and regularity at work) which are considered important to be industry-ready.

Kindly bring the shaded sheet to your mentor during your mentoring meetings based on which he/she will evaluate you on your effort to develop yourself and mentor you further. You may wish to ask his/her guidance on any of the four parameters or others on which you want to develop yourself. As part of the organizational behaviour course, a total of 15 marks are allotted for the efforts you are putting in demonstrated by the evidence and results you are showing to develop yourself on curricular and co-curricular fronts at SIMC. Kindly meet the mentors with prior notice.

- 0 Never used that skill before
- 2 I've used that skill a little
- 5 I'm good at this, but I can improve
- 8 This skill is one of my strengths, but I can get better
- 10 No way I can improve

PERSONAL DEVELOPMENT PLAN EVALUATION MARKING TEMPLATE

Parameter 1: Academic Progress:

- Discuss with the mentees the efforts they are doing to gain theoretical and practical knowledge of the industry they would like to specialize in, their involvement in projects, or initiatives they are taking up on their own.
- Suggestions for mentoring: Mentor students on how student use library, their study plan/methods/consult, how it helps them, their class involvement, their academic aims and motivations, the specialization they would like to get in, topics they can do assignments on, projects they are doing and how they are putting the theoretical knowledge into practical use, etc.

Parameter 2: Involvement in Extra-Curricular activities:

Ask for significant activities they are actively involved in

- a. Level one involvement = Attending meetings
- b. Level two involvement = Sharing suggestions, ideas, insights, etc.
- c. Level three involvement = performing a specific task in cells
- d. Level four involvement = Participation in university, altruistic activity such as university representation in sports or any other field or social service
- e. Suggestions for mentoring: Mentor them on their skills and talents they are aiming to develop, how they are using college/univ facilities to develop them, how they are taking initiatives to support the college, university, society.

Parameter 3: Dependability:

- Ms. Madhavi will send you the aggregate attendance in class. Give marks as per the percentage of attendance.
- Suggestions for Mentoring: Mentor them on punctuality, how they are doing their assignments and its quality, whether they gave their assignments on time etc.

Parameter 4: Communication Skills:

- Ask your mentees to come with a presentation of two slides and speak for few minutes. You may also ask your mentee to show any of their written work, assignments, blogs, etc. confidence, the correctness of language, logical thinking, and quality of their ppts.
- Give marks as per the ability to present or write as follows:
- Suggestions for Mentoring: Mentor them on taking efforts to develop writing skills, speaking skills, blogging skills, quality of their ppts, etc.

90	Harshad Sansanwal	Guidance for my future endeavours	Dr. Mun Mun Ghosh
91	Miriam Coelin Paul	I want my mentor to guide and direct me in my professional and personal life.	Dr. Mun Mun Ghosh
92	Shreya R Shah	Get the right guidance to make the right choices	Dr. Mun Mun Ghosh
93	Shashank Vinod Kutty	All I would expect from my mentor is the he/she should be completely approachable at any point of time for both personal and professional doubts/issues. I also expect him/her to try and develop a different perspective of looking at things in me.	Dr. Mun Mun Ghosh
94	Singh Hemani Anil	I expect my mentor to understand the way I think and help me along those lines to create a better understanding, someone who can provide me clarity on things and be a friend rather than a mentor for these two years. I want the mentorship program to help me polish my personality and grow as a person.	Dr. Mun Mun Ghosh
95	Shetty Rividha Ramdas	A person who could guide me and help me make better choices.	Dr. Mun Mun Ghosh
96	Burbure Advita Vidhyadha	Guidance in taking steps towards the courier	Dr. Mun Mun Ghosh
97	Ravina Sethia	Growing and learning together.	Dr. Mun Mun Ghosh
98	Arijit Sikdar	Guidance, Advice regarding the course and resolution of doubts	Dr. Mun Mun Ghosh
